Mr. Holliday: I have two things that I would like to read. The Madison County Women Cancer Prevention effort is targeting women who need financial help because the state has a program to provide free mammogram, pelvic exams, and treatment of cancer. Also in collaboration with the Madison County Urban, St. Anthony's Hospital, the Madison County Health Department, and the 100 Black Men of Alton, there have been conducting a prostrate cancer awareness presentation and screening during the month of May and June. They have one more presentation that will be at the Health Department which will only do the PSA test. I just ask that this all be noted.

Mr. Shipley moved, seconded by Mr. Burris, to recess this session of the Madison County Board of Health meeting until Wednesday, September 21, 2005. **MOTION CARRIED.**
